

“May Christ be seen in us”

26/11/18

Year 6 Newsletter Mr Reid

What we must remember

P.E. Kits need to be brought into school every Tuesday.

Homework is given on Monday and due in on Friday.

Spelling tests every Friday.

Literacy

In Literacy we are looking at persuasive writing including advertising. We will be writing about why we should or shouldn't receive homework. We have also been focussing on inference in reading using the point, evidence and explain method.

Maths

In year 6 we have been concentrating on the four rules which are adding, subtracting, dividing and multiplying. We have also been looking at the relationship between fractions, decimals and percentages.

R.E.

Our topic in R.E is vocation and commitment. We have been given questions about how we commit to Jesus, our clubs and our jobs. Following this, we researched John Vianney the patron saint of priests and what the Sacrament of Ordination is.

Topic and Science

We have recently started our new topics which are earth and space in science and natural disasters in geography. We will be looking at what natural disasters are common in the UK before moving on to more worldly disasters such as tsunamis and tornados. In science, we will be comparing the earth, the sun and the moon as well as the other planets in our solar system.

Mission Week

Last week in school was mission week. This involved taking part in many different activities around our theme of 'unbroken.' We said many different prayers, attended a special mass and created a love heart link chain.
