

## Year 3: Class Newsletter Mr Fletcher

### What we must remember

P.E. Kits need to be brought into school every Thursday

Homework is given on Friday and due in on Wednesday.

Spelling tests every Friday.  
Times tables Thursday

### Useful links to help with our topics.

<http://www.bbc.co.uk/guides/z34dixs> - information on the Stone Age.

<https://www.topmarks.co.uk/maths-games/7-11-years/multiplication-and-division>

Tables practice.

### Literacy

Year 3 have made a superb start to literacy in the juniors. We have enjoyed writing letters to our future selves about our hopes and dreams for the year.

As this week includes Roald Dahl day, we have been designing and describing our own sweetie creation. We look forward to trying to persuade you to eat one next week!

### Maths.

In juniors it is vitally important that we learn our times tables. Without them we cannot access areas of the curriculum such as area, fractions of amounts or perimeter. All important aspects of a junior curriculum. There are lots of apps and cd's out there to help your child with their times tables. If you want any help for ways to improve your child's multiplication knowledge, please just ask.

### R.E.

Our R.E. topic this half term is all about family life. We discussed what makes a home and how some people aren't lucky enough to have a lovely home like we do. We have built a brick house in our class which shows all the good qualities of a family.

### Topic and Science

In Science we have been learning about plants. We loved researching about how a cactus can grow in the desert. Mr Fletcher was very impressed with our homework! See if your child can name all four parts of a plant and explain their purpose.

In topic we are learning about the Stone Age. We discovered that the Stone Age was a very long time ago! We are currently looking at how the Stone Age people would eat. Ask your children what a hunter gatherer is.
