What an exciting term: This term we have been learning about Rules in R.E. and we have been exploring many different signs and symbols of Reconciliation.

In Art we created pictures based on animals. We looked at different artists and tried to draw creatures that can be found in British woodland.

In mathematics we have been practicing our times tables, adding and subtracting and also investigating 2d and 3d shapes.

Our English lessons have ranged from work looking at punctuation to how to use adverbs and adjectives to add detail to stories.

This year all the children have worked very hard and I am pleased to have had the opportunity to teach them.

Upcoming events:
