

“May Christ be seen in us”

4/09/17

Year 4/5 Newsletter Mr Duffy

What we must remember

P.E. Kits need to be brought into school every Friday.

Homework is given on Friday and due in on Wednesday.

Spelling tests every Friday.

Literacy

We started this term by looking at poetry. We learnt a good deal about Adelstrop.

We have studied some famous poetry such as If and attempted to add additional verses of our own.

We are now moving on to formal letters where we will be writing a letter to complain about faulty goods.

Maths

In year 5 we have been learning how to multiply and divide using a formal method. We have been thinking about how our times tables can help us speed up answering division questions. It is expected that all children in year 5 should know all of their times tables thoroughly so please continue to practice with your child at home.

R.E.

In R.E we have been learning about Advent and preparing for Christmas.

Topic and Science

In Science we have recently started a new topic, Forces.

We have looked at the life of Sir Isaac Newton and considered the role forces play in our daily life. Friction is an extremely important force in winter driving!
